

## Phase 1

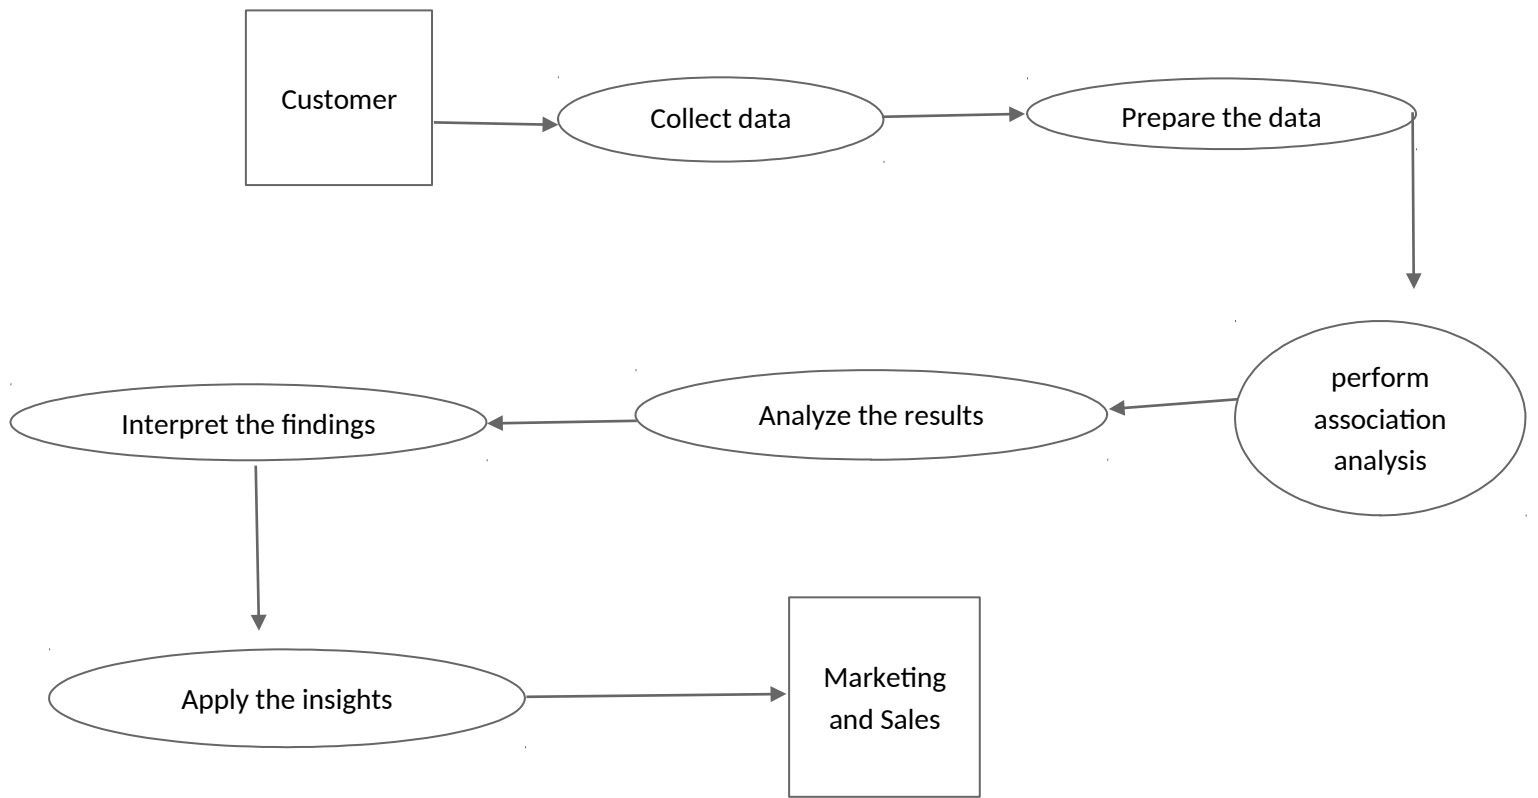

### Problem Definition

Date	28 Sep 2023
Team ID	Proj-212168-Team-1
Project Name	Market Basket Insights
Maximum Mark	

#### Customer Behaviour Analysis:

Create a Problem Statement to understand your customer's point of view. market basket insights, the problem definition would be to identify patterns and associations between items purchased by customers.

The goal is to understand which items are frequently purchased together, so businesses can optimize their marketing strategies and improve customer satisfaction. It's all about uncovering those hidden connections in customer behavior.

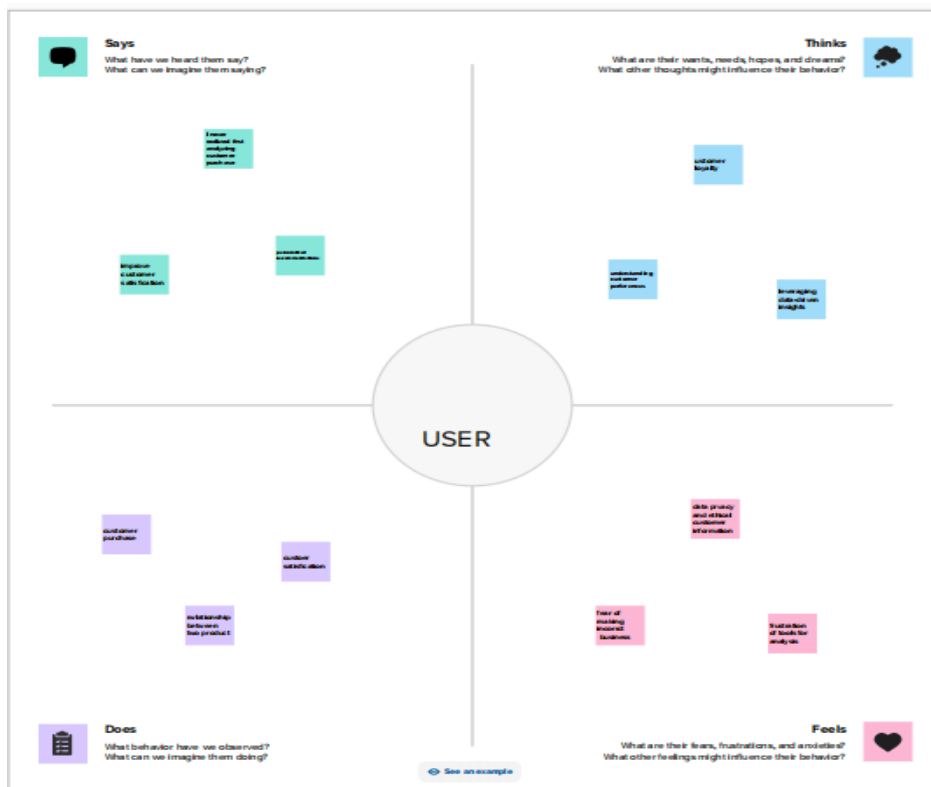

# Design Thinking

## Empathy Map Canvas:

An empathy map is simple, easy-to-digest visual that captures knowledge about a user's behaviour and attitudes.

Understand the needs and motivations of your customers by conducting interviews, observations, or surveys.

Based on the feedback received, refine and iterate on the prototypes to create a solution that meets customers' needs and aligns with the insights from market basket analysis.

# Problem Solution

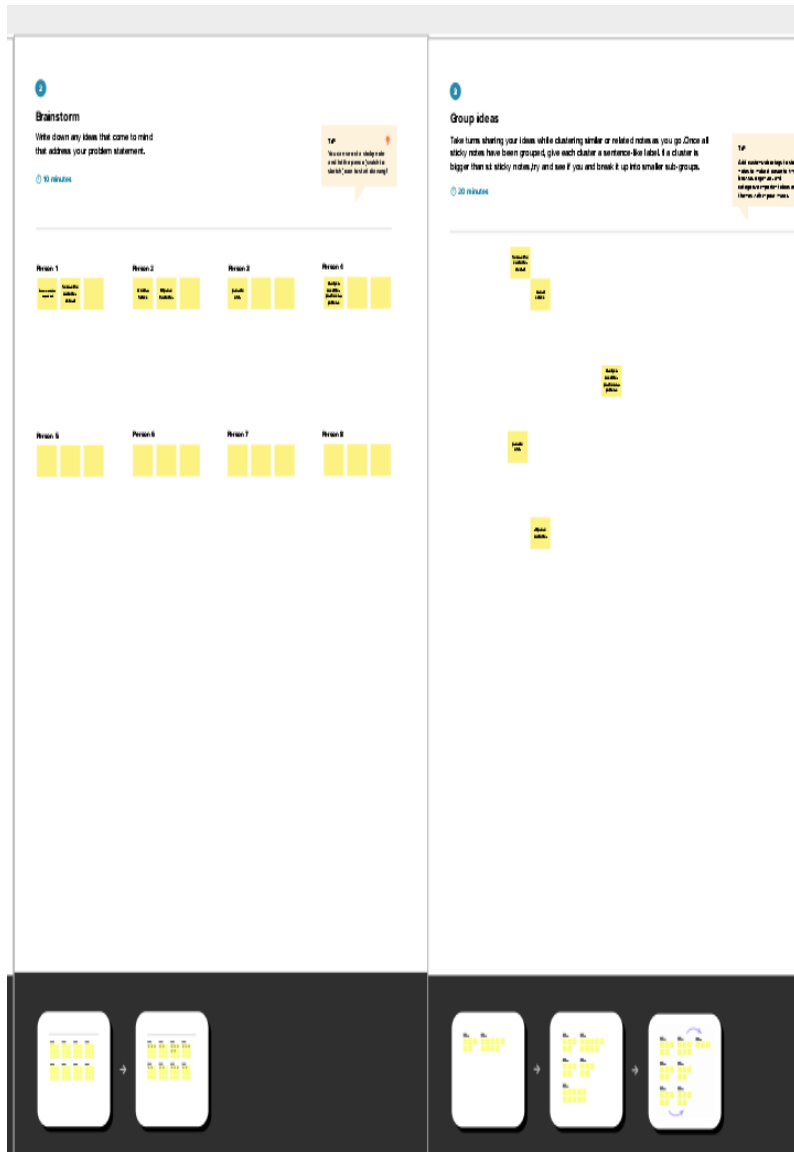

## Brainstorm&idea prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions. Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

### Step-1: Team Gathering, Collaboration and select the problem statement

### Step-2: Brainstorm, idea Listing and Grouping

## Step-3:Idea prioritizarion

4

### Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

#### TIP

Participants can use their laptops to post at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer looking the H key on the keyboard.
